

PUBLICATION OF WATER QUALITY RESULTS IN LINE WITH BLUE/GREEN DROP REQUIREMENTS

It is required by section 68 of the Water Services Act (Act 108 of 1997) and the Blue Drop Program for Best Practice, that a Water Services Authority shall decide on a strategy whereby the results of the water analysis shall be made public through a medium that is readily accessible to the water consumers in the supply area of the Water Services Authority.

Listed below are the Steve Tshwete full SANS 241 Water Quality Results for 2011.
